I wanted to read this for something that is outside my comfort zone and this story definitely did that. Kay Brandt is a great writer and for that I will continue to come back to her work. But, this series just isn't for me. I really didn't have a problem with the fact that it's mommy/daughter swap (Mother A swaps her Daughter A, to Mother B, so that Mother A can have Daughter B). Make sense?Although we don't get a lot of background on the characters, since it's a short story, I definitely did feel like there was enough information given that the way Cynthia introduces Miranda into the "club", wasn't out of character or weird. It made total sense. Unfortunately, I have an exceptionally difficult time with age play so Cynthia and Roxanne's scene was just a little weird to me. Again, that is just a personal preference and not in any way a judgement. I did find Miranda and Sheila's scene to be very sexy.I received a copy of this story for free from the author, via the Goodreads BDSM group.Thank you Kay!

Story five presents two new older-younger couples. Cynthia, a fetish-loving mother, introduces her daughter, Miranda, to how wonderful it feels to wear a custom-made leather corset. When Miranda returns home from college during her winter break, she meets her mother's new friends, Sheila and Roxanne. They're also a very friendly, fetish-loving mother-daughter duo from the exchange club interested in experimenting with women, leashes and studded collars. The mommies like to play dominate games with submissive daughters who are open to bending the rules. Miranda quickly learns how to adapt to the role-playing Cynthia and Sheila insist upon, and follows Roxanne's lead on hands and knees. By leather leashes, Cynthia and Sheila strut Miranda and Roxanne to their private chambers and teach them important lessons on serving their elders.
